

ENROLMENT AND ORIENTATION

PRE-PREP

QUALITY AREA 6 | ELAA VERSION 1.2

PURPOSE

This policy provides a clear set of guidelines and procedures for:

- enrolling a child at Somerville Kindergarten
- the orientation of new families and children into Somerville Kindergarten
- ensuring compliance with Victorian and national legislation, including disability discrimination, anti-discrimination, human rights laws, No Jab No Play and Department of Education [DE] Kindergarten Funding Guide.
- ensuring access to participation, especially for vulnerable and disadvantaged children
- ensuring early entry applicants (this includes children younger than three years and children younger than four years old on 30 April in the year they will attend kindergarten) are given equitable access to enrolment.
- adhering to DE's priority of access requirements for both three and four-year-old children

POLICY STATEMENT

VALUES

Somerville Kindergarten is committed to:

- families feeling respected, safe and supported during the enrolment process
- ensuring families who may experience barriers to accessing Pre-Prep are proactively engaged
- being flexible and catering for unique family circumstances and needs
- being transparent in the process and allocation of places through consistent communication and information sharing
- ensuring the registration, allocation and enrolment process is simple to understand, follow and implement
- maintaining confidentiality in relation to all information provided for enrolment
- promoting fair and equitable access to Pre-Prep, including those who face barriers to participation
- enrolling Early Start Kindergarten (*refer to Definitions*) eligible children into full 15 hours of kindergarten program

SCOPE

This policy applies to the approved provider, persons with management or control, nominated supervisor, persons in day-to-day charge, early childhood teachers, educators, staff, students, volunteers, parents/guardians, children and others attending the programs and activities of Somerville Kindergarten, including during offsite excursions and activities.

54. Ensuring the service adheres to the DE Kindergarten Funding Guide (refer to Sources) when the family withdraws enrolment, ensuring all necessary steps are taken prior to annual confirmation.	R	√			

PROCEDURES

GENERAL ORIENTATION PROCEDURES

The time required for orientation and settling in will vary for each child and their family, therefore it is important to be flexible and individualise orientation for each family.

- Offer families the opportunity to visit the service at different times during the day/session, this allows the child and their family to become familiar with the various routines of the service
- Provide reassurance to the family that they may stay with their child for as long as they choose during orientation period
- Provide the family with suggestions for developing and maintaining a routine for saying goodbye to their child
- Reassure the family:
 - they can leave their child initially for a shorter day, gradually increasing the length of time
 - they may call and speak to their child's early childhood teacher or educator(s) at an agreed time
 - the early childhood teacher/educators will keep them informed on how their child is settling in
 - they will be informed about any changes or circumstances which may affect them or their child.
- Further considerations may include but are not limited to:
 - send an email during the day to update the family on their child including a photo of the child (if the child has settled in) (refer to the information and Communication Technology Policy). Note: For children in out-of-home care, the educator may need to seek permission from Child Protection before taking and distributing photos of the child
 - asking the family how they have settled in and if they have any questions or concerns.
 - [As required] Arrange telephone, on-site or video interpreters to assist with orientation conversations with parents/carers who speak a language other

than English or use Auslan. See [Early Childhood Language Services](#) for more information.

- Refer to [Attachment 2](#) for the general Per-Prep registration and enrolment procedures
- Refer to [Attachment 5](#) for cancellation of enrolment and non-attendance procedures.

BACKGROUND AND LEGISLATION

BACKGROUND

The [Education and Care Services National Regulations 2011](#) require approved services to have a policy and procedures in place in relation to enrolment and orientation ([Regulation 168\(2\) \(k\)](#)).

All eligible Victorian children ([refer to Definitions](#)) will have access to two years of Free Kinder before commencing school. From 2025, Four-Year-Old Kindergarten will gradually transition to Pre-Prep, with programs across Victoria increasing from 15 to 30 hours each week. Led by qualified teachers, Pre-Prep will give 4-year-old children greater opportunities to socialise and learn through play. Pre-Prep will be delivered through standalone (sessional) kindergartens and long day care centres.

By 2036, all children across Victoria will have access to 1,800 hours of funded kindergarten before school, including 600 hours of Three-Year-Old Kindergarten and 1,200 hours of Pre-Prep. Both Pre-Prep and Three-Year-Old Kinder are part of the Free Kinder program.

Where demand is higher than availability, approved providers must adhere to their eligibility and DE's Priority of Access criteria ([refer to Definitions and Attachment 1](#)) in order to allocate the available places. The criteria used to determine the allocation of places takes account of the requirements set out in DE's Kindergarten Funding Guide ([refer to Sources](#)), the service's philosophy, values and beliefs, and the provisions of the [Equal Opportunity Act 2010](#). The Victorian Government requires funded organisations to ensure that their policies and procedures promote equal opportunity for all children. Services participating in a central registration and enrolment scheme are required to comply with the registration and/or enrolment procedures of that scheme.

The Central Registration and Enrolment Scheme (CRES), co-designed by DE provides access to families to register for and secure a place for their children in kindergarten. It is a collaborative model that brings together councils, service providers, MCH staff, support services and other stakeholders to support children and their families. Currently more than half of all local councils across Victoria operate a form of central enrolment or central registration scheme. These schemes provide a single point of entry for families, simplifying the kindergarten enrolment process and improving equity of access.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the [Education and Care Services National Law Act 2010 and Education and Care Services National Regulations 2011](#) have legislative responsibilities under the [Public Health and Wellbeing Act 2008](#) to only offer a confirmed place in their programs to children with an Australian Immunisation Register (AIR) Immunisation History Statement ([refer to Definitions](#)).

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. approved provider, nominated supervisor, notifiable complaints, serious incidents, duty of care, etc. refer to the Definitions file of the PolicyWorks catalogue.

Access to Early Learning (AEL): is an early intervention program for a child who is at least three years old on April 30th in the year of enrolment. It aims to provide intensive support to eligible families with multiple and complex needs, assisting them to access universal kindergarten programs.

Australian Immunisation Register (AIR) Immunisation History Statement: The AIR is a national register administered by Medicare that records all vaccinations given in Australia, including to children. In the case of medical contraindication, an authorised medical practitioner completes and signs a Medical Exemption Form and supplies it to the AIR (previous forms of documentation, for example a letter from a GP or local council, are no longer acceptable).

Authorised nominee: (In relation to this policy) is a person who has been given written authority by the parents/guardians of a child to collect that child from the education and care service. These details will be on the child's enrolment form.

Children/families experiencing vulnerability and/or disadvantage (in relation to this policy): children are vulnerable if the capacity of parents and family to effectively care, protect and provide for their long-term development and wellbeing is limited. Some factors which may contribute to a child experiencing vulnerability include: a child with a disability; living in a family with a low income, or one which is experiencing problems with housing, domestic violence, substance abuse, or mental health; known to child protection; in statutory out-of-home care; Aboriginal and/or Torres Strait Islander, having a culturally and linguistically diverse background; having a young or sole parent, or a parent with a disability (adapted from the Kindergarten Funding Guide)

Children with additional needs: Children whose development or physical condition requires specialist support or children who may need additional support due to language, refugee or asylum seeker experience, complex trauma, cultural or economic circumstances (*refer to Inclusion and Equity Policy*) (*refer to Children/families experiencing vulnerability and/or disadvantage Definition*).

Central Registration and Enrolment Scheme (CRES): CRES provides a single point for families to apply for multiple kindergarten services within a local government area, helping them secure a place that meets their needs and enabling funded kindergartens to work collaboratively with other services to engage vulnerable and disadvantaged families.

Central Registration System (CRS): Provides an equitable and transparent application and allocation process, enabling families to access local kindergarten services within a local government area.

Early Start Kindergarten (ESK): Early Start Kindergarten provides eligible children with 15 hours of free or low-cost kindergarten each week led by a qualified early childhood teacher with Victorian Institute of Teaching (VIT) registered teacher. ESK is available to children who

are at least three years old by 30 April in the year they are enrolled to attend the program and are:

- from a refugee or asylum seeker background, or
- Aboriginal and/or Torres Strait Islander, or
- the family have had contact with child protection.

Eligible child: as defined by the Victorian DE Kindergarten Funding Guide:

- a child who is at least four years old on 30 April in the year of attendance; enrolled for at least 15 hours per week or 600 hours per year in a Four-Year-Old Kindergarten; and not enrolled at a funded kindergarten program at another service
- a child who is at least three years old on 30 April in the year of attendance and is enrolled in a funded Three-Year-Old Kindergarten for a minimum of 5 hours per week
- any child that is enrolled in an early childhood and education and care service must have an AIR Immunisation History Statement that indicates that the child is fully vaccinated for their age or who qualifies for the 16-weeks support period

Enrolment: An enrolment occurs when the provider has an arrangement with an individual or organisation to provide education and care to a child.

Enrolment deposit: A charge to secure a place that has been offered in a program at the service. This should not act as a barrier to enrolling for any families. Services must ensure that families understand that the enrolment deposits will only be refunded if the child commences in the service (*Refer to Fees - Free Kinder policy*)

Enrolment record: the collection of documents which contains information on each child as required under the National Regulations (*Regulations 160, 161, 162*) and DE funding requirements (Arrival) and including but not limited to parent details; emergency contacts; authorised nominee; transportation authorisations, details of any court orders; and health information including immunisation status. Enrolment records are stored securely in the service due to their confidential nature.

Kindergarten registration fee: a payment to cover administrative costs associated with the processing of a child's enrolment application for a place in a program at the service, if applicable. (*Refer to Free Kindergarten Fees policy*)

Kindergarten registration form: The process of families providing initial information about their child to confirm their intention to enrol in kindergarten, administered by the CRES/CRS Provider (*refer to Definition*) or by the kindergarten service. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten (*refer to Attachment 3*)

Support period: allows specific categories of children of families experiencing vulnerability and disadvantage to enrol and attend the service without an AIR Immunisation History Statement (*refer to Definitions*) or when the statement is assessed as not being up to date. Services complete the support period eligibility form with families during enrolment and keep a copy with each child's enrolment record. The 16-week support period starts on the first day of the child's attendance at the service. During the support period, the service is required to take reasonable steps to obtain the AIR Immunisation History Statement (*refer to Definitions*) and to encourage families to access immunisation services. Note: services are not required to exclude the child from the program at the end of the support period if an up-to-date history statement is not provided, except in the instance of an outbreak of an infectious disease.

Local Government Area (LGA): a geographic area governed by a local council or shire.

Orientation: Process to support the child's transition to the service, whereby families spend time at the service with the child a few times before leaving the child on their own. The time required for orientation and settling in will vary for each child and their family.

Pre Prep: From 2026 across the state, Aboriginal and Torres Strait Islander children, children from a refugee or asylum seeker background, and children who have had contact with Child Protection services can access to up to 25 hours of Pre-Prep a week, increasing to up to 30 hours a week from 2028. Children from this priority cohort can be enrolled in more than 1 group at a single service (including 4-year-old, mixed age, and 3-year-old groups). In addition, any child who was

supported by the Access to Early Learning program as a 3-year-old is eligible for these same hours of Pre-Prep as a 4-year-old from 2026.

Priority of access: in instances where more eligible children apply for a place at a service than there are places available, the service must allocate places using the criteria outlined in the DE Kindergarten Funding Guide (*refer to Attachment 1 and Sources*).

Registration: The process of families and carers giving initial information about their child to confirm their intention to enrol in kindergarten, administered by the service provider/EYM/CRES Provider. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten.

School Readiness Funding: funding provided by DE for programs and supports that builds the capacity of kindergarten services, educators and families to support children's learning and development outcomes.

Additional year of funded kindergarten: Eligibility for a second year of Four-Year-Old Kindergarten is determined by the child's early childhood teacher, if the child is observed as having developmental delays in at least 2 VEYLDF Learning and Development Outcomes and there is evidence to suggest the child will achieve better outcomes at kindergarten than if they go to school. From 2026, across Victoria, children who meet the eligibility requirements due to their learning or developmental needs can access an additional year of either, three-year-Old Kindergarten; or Pre-Prep (or Four-Year-Old Kindergarten for children not eligible for Pre-Prep), but not both.
